How to tell the credits available for a course:

**It is recommended that participants use one of the following browsers for best functionality: Chrome, Firefox or Edge.

- Log into your account at iscd.org

- Hover over the LEARN Menu and select Course Catalog
Once you’ve selected the course, you will see under its title “includes credits”
Hover over “includes credits” and a pop-up window will show you the available credits

Click on that box for an expanded view that shows more detail regarding the available credits

If you have already taken this course and earned the credits, when clicking on the box you will see the credits you have already earned through this course
