

1. Start from the www.iscd.org home page. Please make sure you are logged in first, as you will not be able to view the Journal of Clinical Densitometry (JCD) if you do not have an active Full or Professional Membership.
2. Hover your mouse over the “Membership” tab to reveal the drop-down menu, and then select “Journal of Clinical Densitometry” from the Member Benefits column.

3. Click the blue button that says “Access the Journal”

JOURNAL OF CLINICAL DENSITOMETRY

The official journal of the ISCD, the *Journal of Clinical Densitometry: Assessment and Management of Musculo-Skeletal Health* (JCD) publishes the latest clinical research on the uses of **bone mass** and **density measurements** in medical practice, as well as state-of-the-art review articles on critical topics.

The Journal is committed to serving ISCD's mission – the education of heterogeneous physician specialties and technologists who are involved in the clinical assessment of **skeletal health**. The focus of JCD is bone mass measurement, including **epidemiology** of bone mass, how **drugs** and **diseases** alter bone mass, new techniques and quality assurance in **bone mass imaging** technologies, and bone mass health/economics.

Combining high-quality research and review articles with sound, practice-oriented advice, JCD meets the diverse diagnostic and management needs of radiologists, endocrinologists, nephrologists, rheumatologists, gynecologists, family physicians, internists, and technologists whose patients require diagnostic clinical **densitometry** for therapeutic management.

ACCESS THE JOURNAL

4. Hover over the “Articles & Issues” tab to reveal the drop-down menu, and choose “Sign in to set up alerts.”

5. Create an account with the same email address you use for your ISCD account (or sign in, if you have already done this step previously).

6. Click the blue “Continue” button

7. Hover over “Articles & Issues” and select “Edit my alert.”

8. Look for the Journal of Clinical Densitometry under the “Journal & Book Series” tab and click “Edit.”
